Note 2 – Summary of significant accounting policies

The annual accounts have been prepared in accordance with Luxembourg legal and regulatory requirements under the historical cost convention. Accounting policies and valuation rules are, besides the ones laid down by the law of 19 December 2002, as amended, determined and applied by the Board of Directors.

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires the Board of Directors to exercise its judgment in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts in the period in which the assumptions changed. Management believes that the underlying assumptions are appropriate and that the annual accounts therefore present the financial position and results fairly.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The significant accounting policies are as follows:

a) Foreign currency translation

Annual accounts are expressed in EUR.

Transactions, income and charges denominated in currencies other than Euro are translated at the exchange rates prevailing at the date of the transaction.

Monetary assets and liabilities items denominated in currencies other than Euro are translated in Euro at exchange rate prevailing as at the date of the balance sheet. Realized exchange gains and losses and unrealized exchange gains and losses are recorded in the profit and loss account.

Non-monetary assets and liabilities items denominated in currencies other than Euro are translated in Euro at the exchange rate prevailing at the date of the balance sheet. Realized gains or losses and realized losses are recorded in the profit and loss account while the unrealized exchange gains are not recorded.

b) Financial assets: Notional amount

Loans are recorded on the assets side of the balance sheet at the lowest amount between their repayment value and their estimated fair value. Value adjustments are only taken into consideration when, according to the Board of Directors, the depreciation is deemed permanent.

KBC IFIMA S.A.
Société Anonyme

c) Non-convertible bonds

Non-convertible bonds are recorded on the liabilities side of the balance sheet at the repayment value. The bonds are issued on the EURO-MTF market in the Luxembourg Stock Exchange.

d) Premiums on loans

The premiums related to these loans (i.e. the difference between the issue price and the repayment value) are booked in the caption "deferred income" in liabilities. These premiums are taken to financial income on the duration of the loans.

Some of these contracts can be subject to an early redemption.

e) Discounts on non-convertible bonds

The discounts related to these non-convertible bonds (i.e. the difference between the issue price and the repayment value) are booked in the caption "prepayments". These discounts are taken to financial expenses on the duration of the non-convertible loans.

f) Income and expenses recognition

Interest income and expenses are recorded on an accrual basis.

g) Taxes

Taxes are charged to the profit and loss account on an accrual basis and not in the year in which the payment occurs. Accordingly, provisions for taxation have been recorded for the financial years for which no final assessment has been issued by the tax authorities.

h) Derivatives financial instruments

The Company may enter into financial instruments such as options, swaps, futures of foreign exchange contracts.

In the case of hedging of an asset or a liability which is not recorded at fair value, unrealized gains or losses are deferred until recognition of the realized gains or losses on the hedged item.

Commitments relating to options/swaps/futures/foreign exchange contracts transactions are recorded in the off-balance sheet accounts.
