

# KBC Group Revised Green bond framework

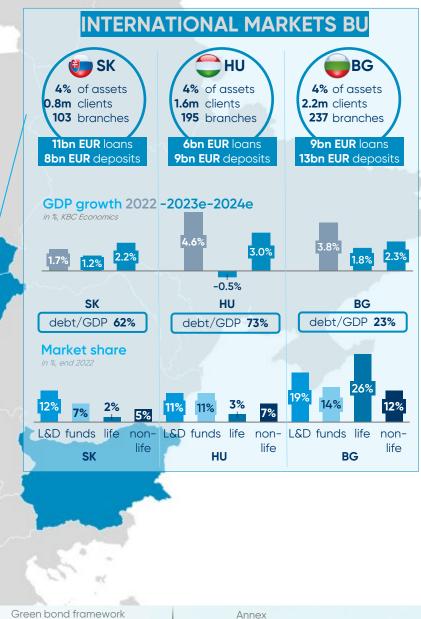

Investor presentation January 2024

More information: <u>www.kbc.com</u> KBC Group - Investor Relations Office: <u>IR4U@kbc.be</u>

### KBC Group passport | Well-defined core markets

### What differentiates us from peers

### Unique integrated bank-insurance+ model

- We offer an integrated response to our clients' banking and insurance needs. Our organisation is similarly integrated, operating as a single business and a digitalfirst, lead-driven and Al-led bankinsurer
- The benefit of a **one-stop**, relevant and personalised financial service that allows our clients to choose from a wider and **complementary range of products and services**, which go beyond pure bankinsurance
- Benefits in terms of income and risk diversification, additional sales potential through intensive cooperation between the bank and insurance distribution channels, significant cost-savings and synergies

16%

of the 877m EUR

Group Net result\*

originates from

**Banking** activities

**KBC Group passport** 

Insurance activities

\* Difference between the net result of KBC Group and the sum of the banking and insurance contributions is accounted for by the holding-company/group items

### Successful digital-first approach through KATE

- Our **Digital interaction with clients** forms the basis of our business model in our strategy, not only in terms of sales and advice, but also in E2E digital process and product development
- Artificial intelligence and data analysis will play an important part in digital sales and advice. Kate, our personal digital assistant, will feature prominently in this regard
- The independent international consulting firm Sia Partners named KBC Mobile one of the top performing mobile banking app worldwide (N°1 in 2021 and N°3 in 2022 and 2023): a clear recognition of a decade of innovation, development and listening closely to our clients

# Firmly embedded sustainability strategy

- As a company that aims to support the transition to a more sustainable and climate-proof society, we have made sustainability integral to our overall business strategy and integrated it into our day-to-day business operations and the products and services we provide.
- Our sustainability strategy consists of three cornerstones: encouraging responsible behaviour on the part of all our employees, increasing our positive impact on society and limiting any adverse social impact we might have

# Core shareholder structure

- A special feature of our shareholder structure is the core shareholder syndicate consisting of Cera, KBC Ancora, MRBB and the other core shareholders, which together held roughly 41% of our shares
- These shareholders act in concert, thereby ensuring shareholder stability in our group
- The **free float** is held mainly by a large variety of international institutional investors

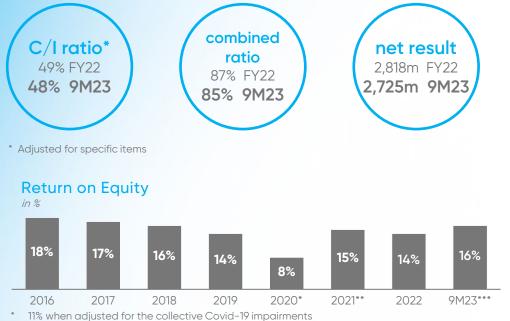

Financial performance

Solvency & funding

Sustainability@KBC

### **Our financial footprint**

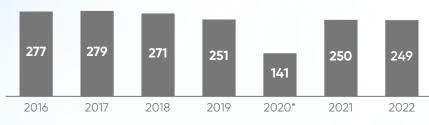

### High profitability (IFRS 17 figures)

\*\* when excluding the one-off items due to the pending sales transactions in Ireland

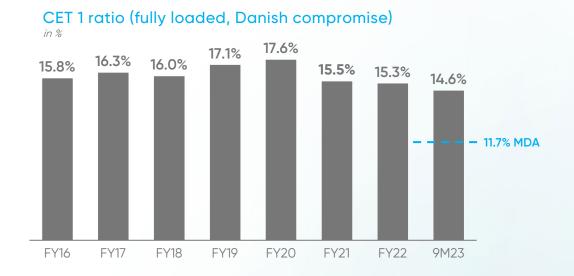

\*\*\* When bank & insurance taxes are evenly spread throughout the year and excluding one-offs

#### CET1 generation before any capital deployment in bps

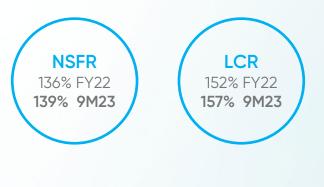

\* 202bps when adjusted for the collective Covid-19 impairments

### Solid capital position

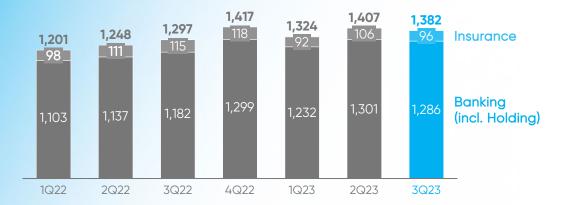

### **Robust liquidity**

### Net interest income and customer money dynamic

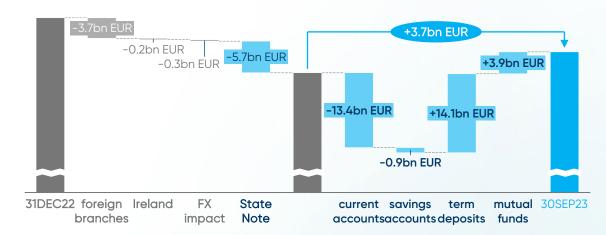

#### Net interest income in m EUR

- NII decreased by 2% q-o-q driven primarily by:
  - Lower NII on inflation-linked bonds (-27m EUR)
  - Negative impact from the issuance of the Belgian State Note (-22m EUR) and higher pass-through on savings accounts in Belgium
  - Higher funding cost of participations and higher wholesale funding cost
  - Higher costs on the minimum required reserves held with the central banks (-5m EUR)
  - Lower loan margins in most core markets partly offset by:
  - Higher commercial transformation result (driven by continued increasing reinvestment yields)
  - Increased term deposits
  - Loan volume growth
  - Higher number of days (+7m EUR)

#### Customer money dynamic over 9M23

in m EUR

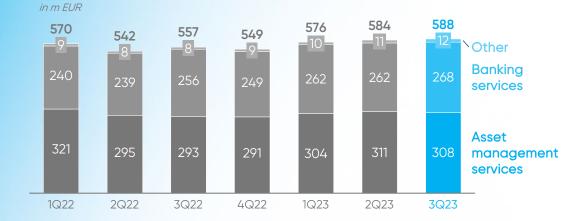

• Disregarding volatile and one-off items, **9M23** saw an inflow of core customer money of **+3.7bn EUR** (+3.4bn EUR incl. FX impact)

KBC Group passport

### Higher net fee and commission income

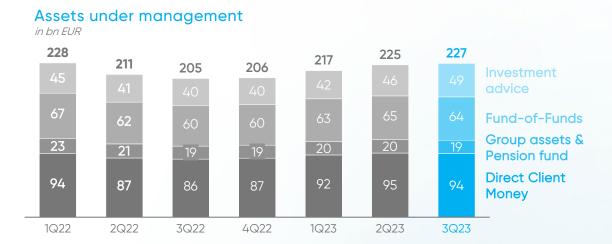

- Up by 1% g-o-g and by 6% y-o-y
- Q-o-q increase was mainly the result of:

Net fee & commission income

- Net F&C income from Asset Management Services decreased by 1% q-o-q due to lower entry fees and lower distribution fees received linked to mutual funds and unit-linked life insurance products, partly offset by higher management fees
- Net F&C income from banking services rose by 2% q-o-q. Higher securities-related fees (entirely due to one-off fee from the issuance of the State Note in Belgium), seasonally higher network income and higher fees from payment services were partly offset by lower fees from credit files & bank guarantees and higher client incentives

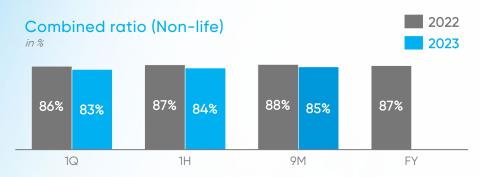

- Increased by 1% q-o-q due to net inflows (+2%), partly offset by negative market performance (-1%)
- Increased by 11% y-o-y due to net inflows (+6%) and positive market performance (+5%)
- The mutual fund business has seen strong net inflows both in higher-margin direct client money this quarter (1.1bn EUR in 3Q23 versus 1.1bn EUR in 2Q23 and 0.5bn EUR in 3Q22) as well as in lower-margin assets

### Non-life and Life sales significantly up y-o-y

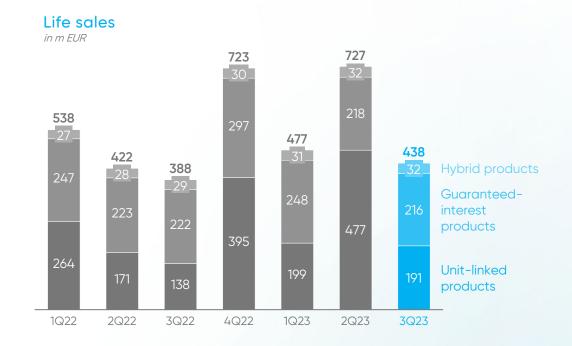

• Non-Life sales up by 11% y-o-y, with growth in all countries and all classes, due to a combination of volume and tariff increases

- Non-life combined ratio for 9M23 amounted to an excellent 85% (88% in 9M22). This is the result of:
  - 11% y-o-y higher insurance revenues before reinsurance
  - 3% y-o-y higher insurance service expenses before reinsurance (worse claim experience and higher amortised commissions & directly attributable expenses due to inflation were offset partly by lower storm claims)
  - Lower net result from reinsurance contracts held (down by 67m EUR y-o-y)

#### • Life sales increased by 13% y-o-y

- The decrease q-o-q is driven mainly by lower sales of unit-linked products (excellent sales in 2Q23 as the result of a successful launch of a new structured fund in Belgium)
- Sales of guaranteed-interest products and unit-linked products accounted for 49% and 44% of total life insurance sales in 3Q23 respectively, with hybrid products (mainly in the Czech Republic) accounting for the remainder

#### KBC Group passport

#### Financial performance

#### Solvency & funding

#### Sustainability@KBC

### Costs excluding bank & insurance taxes slightly increased q-o-q

# Operating expenses (including costs directly attributable to insurance)

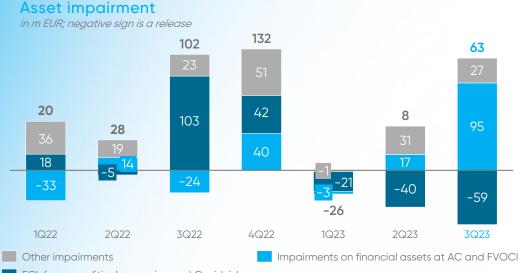

- Operating expenses excluding bank & insurance taxes went up by 1% q-o-q and by 6% y-o-y
  - The q-o-q increase is due mainly to higher staff costs, higher ICT costs, higher facility costs and higher depreciations, partly offset by lower costs in Ireland (related to the sale transaction), lower professional fee expenses and seasonally lower marketing costs
- 9M23 cost/income ratio
  - 48% when excluding certain non-operating items\* (49% in FY22)
  - 41% excluding all bank & insurance taxes (45% in FY22)
- Total bank & insurance taxes (including ESRF contribution) are expected to increase by 7% y-o-y to 693m EUR in 2023 (646m EUR in 2022)

\* See glossary for the exact definition

### **Robust Asset Quality**

ECL for geopolitical, emerging and Covid risks

- Net loan loss impairment charges on lending book combined with a lower geopolitical & emerging risk buffer
  - Net loan loss impairment charges of 36m EUR in 3Q23 (compared with net loan loss impairment releases of 23m EUR in 2Q23) due to:
    - 95m EUR net loan loss impairment charges on lending book
    - A decrease of 59m EUR of the ECL buffer, driven mainly by improved micro- and macroeconomic indicators
    - Total outstanding ECL for geopolitical and emerging risks now stands at 291m EUR
  - **27m EUR impairment on 'other'** (versus 31m EUR impairment on 'other' in 2Q23), mainly on software (in Belgium and Hungary)

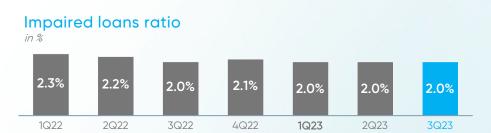

## Q-o-q change in the outstanding ECL for geopolitical and emerging risks

in m EUR; negative sign is a release

P&L impairment release 📃 Sale of KBC Bank Ireland (realised gain) via NOI\*

\* The ECL release generated by the sale of KBC Bank Ireland was recorded in 'Net Other Income' in 1Q23

• The impaired loans ratio stabilised at 2.0% (1.1% of which over 90 days past due)

### **Diversified loan portfolio**

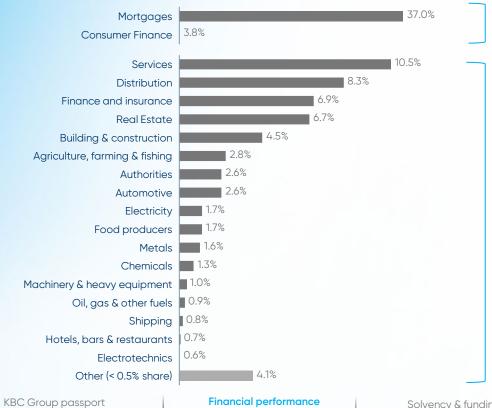

#### Total loan portfolio outstanding

Total loan portfolio outstanding 202bn EUR\* **Group level** 

#### Total loan portfolio outstanding | by sector

Aligned with the credit risk view of our loan portfolio as reported in the quarterly financial statements.

Solvency & funding

### Strong capital position with substantial buffer to MDA

Capital requirements and distance to Maximum Distributable Amount (MDA) restrictions as at 30 SEP 2023 (fully loaded, B3) in %

Total distributable items (under Belgian Gaap) KBC Group 10.3bn EUR at 9M23, of which:

- Available reserves: 801m EUR
- Accumulated profits: 7 255m EUR

Fully loaded B3 common equity ratio amounted to 14.6% at the end of 9M23 based on the Danish Compromise (which includes the full impact of the share buyback programme of 1.3bn EUR and the modelrelated RWA add-on of 6.5bn EUR net)

• P2R 1.86% (= Pillar II requirement) 1.05% to be met with CET1, 35bps eligible for AT1 and 46bps for Tier 2

• CBR 5.38% (= Combined buffer requirement)

2.50% Capital conservation buffer1.50% O-SII buffer1.24% Countercyclical buffer0.14% Systemic risk buffer

#### • MDA 11.7%

i.e. the net of the CET1 ratio of 14.6% and the MDA buffer of 2.9%

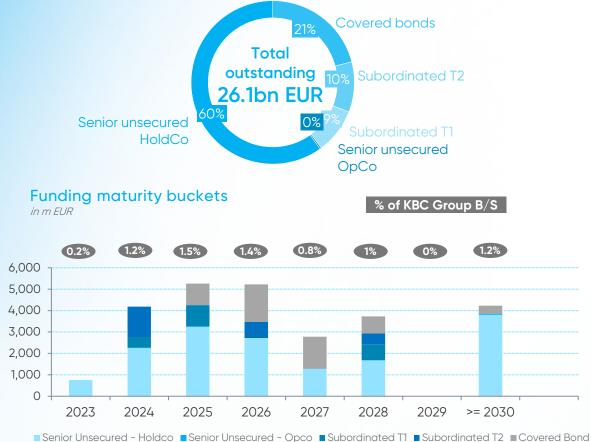

Note: As published the 12<sup>th</sup> of December 2023, the ECB has formally notified KBC of its decision to maintain the P2R at 1.05% and to increase the P2G from 1.0% to 1.25%

### **Upcoming mid-term funding maturities**

### Total outstanding | 3Q23

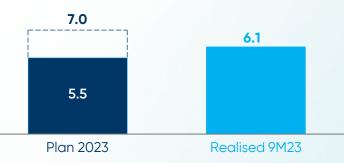

KBC Bank has **6 solid sources of long-term funding**: (i) Retail term deposits, (ii) Retail EMTN, (iii) Public benchmark transactions, (iv) Covered bonds, (v) Structured notes and covered bonds using the private placement format, and (vi) Senior unsecured, T1 and T2 capital instruments issued at KBC Group level and downstreamed to KBC Bank

#### Funding program | 3Q23

- In September 2023, KBC Group issued an AT1 for an amount of 750m EUR
- In **September 2023**, KBC Group issued a Senior Holdco benchmark for an amount of 1bn USD, with a 11-year maturity callable after 10 years
- In September 2023, KBC Bank issued a covered bond for an amount of 1bn EUR with a 3-year maturity

Funding program | Expected MREL funding (incl. capital instruments) in bn EUR Range 5.5bn-7.0bn EUR

We aim to issue 1 green/social bond per year

Note: any change in regulatory requirements, RWA evolutions, MREL targets or market circumstances can change the current disclosed range

### Above resolution requirements of 9M23 in terms of MREL

### **MREL** targets

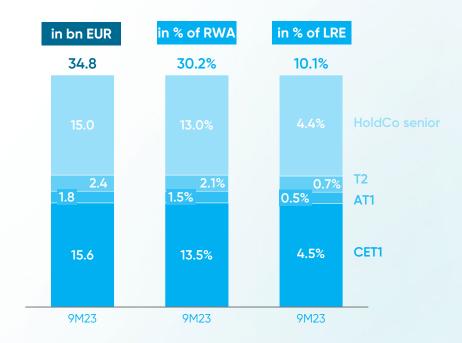

- The resolution plan for KBC is based on a Single Point of Entry (SPE) approach at KBC Group level, with bail-in as the preferred resolution tool
- In April 2023, the SRB communicated updated MREL targets (under BRRD2) for 01-01-2024, expressed as a percentage of Risk Weighted Assets (RWA) and Leverage Ratio Exposure Amount (LRE)
- The new binding MREL targets (incl. CBR on top of the MREL target in % of RWA) are:
  - 28.30% of RWA as from 01-01-2024 (including CBR<sup>1</sup> of 5.38% as from 1Q2023), with an intermediate target as from 01-01-2022, reaching 26.51% at YE2023 (including CBR<sup>2</sup> of 4.88%)
  - **7.38% of LRE** as from 01–01–2024, with an intermediate target of 7.34% of LRE as from 01–01–2022

1. Combined Buffer Requirement as of 01-01-2024 = Conservation Buffer (2.50%) + O-SII buffer (1.50%) + Countercyclical Buffer (1.24%) + Systemic Risk Buffer (0.14%)

2. Combined Buffer Requirement at YE 2023 = Conservation Buffer (2.50%) + O-SII buffer (1.50%) + Countercyclical Buffer (0.68%) + Systemic Risk Buffer (0.20%)

#### MREL actuals

- The **MREL ratio in % of RWA** decreased from 32.2% in 1H23 to 30.2% in 9M23. This is driven mainly by 1) the decrease of CET1 capital due to the share buyback and 2) the RWA add-on in relation to ECB decision
- The MREL ratio in % of LRE increased from 9.8% in 1H23 to 10.1% in 9M23, driven by the decrease of the leverage ratio exposure

### Sustainability highlights

#### Commitment to climate action

2030 and 2050 climate targets Committed to a first set of climate targets for the most material carbon-intensive industrial sectors and product lines in our lending business and our asset management activities

#### On track

Despite the short lead time since our baseline establishment, our 2022 sustainability report shows that, overall, we are well on track in meeting our portfolio climate targets

Partner in the transition More than 3 000 customer engagement dialogues since the start to support our clients' transition

SBTi KBC bolstered its intentions with regard to climate action by committing our banking activities to the Science-Based Targets (SBTi)

#### Sustainable business

7.4bn EUR Financing contributing to social objectives

Financing contributing to

environmental objectives

600 000 tonnes CO<sub>2</sub>e

36bn EUR Responsible

Investing funds in 9M23

distribution (direct client

or 39% of total assets under

project finance

money)

Avoided GHG emissions

through renewable energy

14.3bn EUR

### Social responsibility

Social bond Issued a second social bond for investments in healthcare and education in 2Q23

34% Female entrepreneurship among our start-up community in Belgium

#### 10m EUR

Outstanding loans to microfinance institutions and investments in microfinance funds

**Diversity in senior management** 24% females in senior management roles

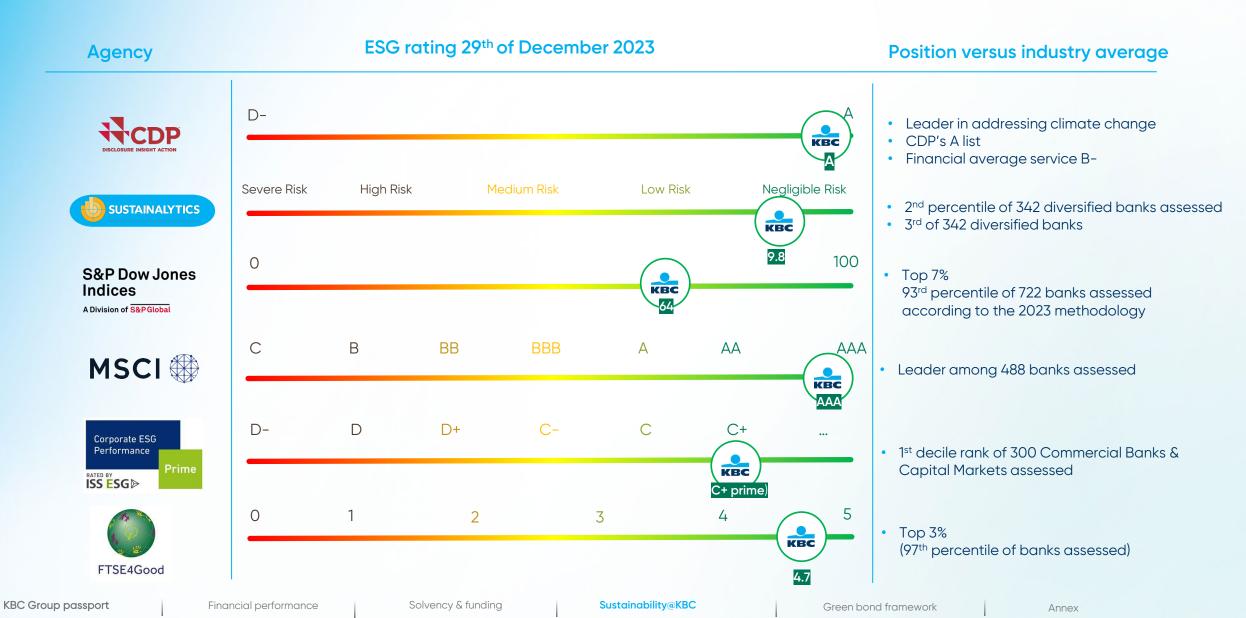

Sustainability highlights in 2022, unless otherwise indicated

KBC Group passport

Financial performance

### KBC's ESG ratings and indices are ahead of the curve

### Direct environmental impact: our progress in brief

#### **DIRECT environmental footprint (FY 2022)**

- In 2020, we set more stringent ambitions to reduce the GHG emissions resulting from our own
  operations
- Furthermore, we included commuter travel in our target scope, as we aim to green our policy on employee mobility
- For the second consecutive year, we reached net-climate neutrality by offsetting our residual direct emissions
- Additionally, we committed to increasing our own green electricity consumption to 100% by 2030. The goal was already reached in 2021.

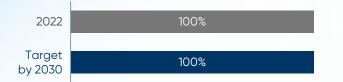

#### Reduction in our direct GHG emissions

reduction compared to 2015

#### **Renewable electricity**

in % of own electricity consumption

#### More details in our 2022 Sustainability Report

#### More details in our 2022 Climate Report

**KBC Group passport** 

Financial performance

Sustainability@KBC

### Indirect environmental impact: our progress in brief

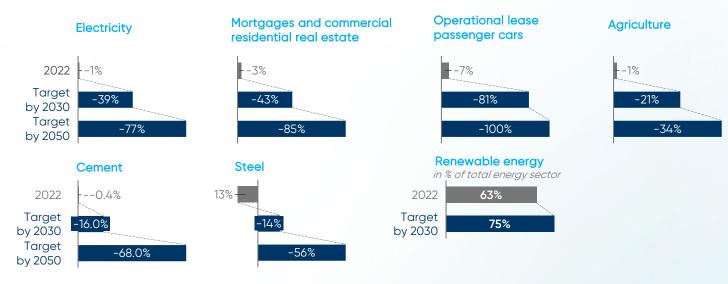

#### INDIRECT environmental footprint (FY 2022)

- We refer to our Collective Commitment to Climate Action (CCCA) and the subsequent publication of our Climate Report at the end of September 2022
- Containing stringent decarbonisation targets for the sectors that cover the majority of our lending portfolio and related GHG emissions (56%) and clear targets for KBC Asset Management's Responsible Investing (RI) funds
- The baseline of the various targets and the actuals have been externally assured

#### Loan portfolio (selection of sectors)

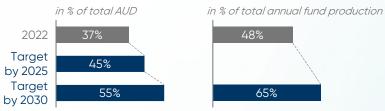

reduction compared to 2021 baseline, otherwise indicated

#### Asset management funds

reduction compared to 2021 baseline, otherwise indicated

#### Responsible Investing (RI) funds

Carbon-intensity of corporate investees in RI funds

versus 2019 benchmark

Green bond framework

Annex

A Framework aligned with the best market practices

#### **PROCESS FOR EVALUATION & SELECTION**

#### SUSTAINABILTY GOVERNANCE

KBC Business Units are in charge of:

- Project Providing information on the compliance of the projects
- Submission Submitting the projects to the Green and Social Bond Committee

The Green and Social Bond Committee is responsible for:

- Verifying the compliance of the projects
- Selection the projects as Eligible Assets
- Documenting the assessment process with the view to demonstrate to an external verifier

Project de Selection

The Green and Social Bond Committee is composed of representatives including at least one general manager from Group Treasury, Group Corporate Sustainability and representatives from the business units (when required)

#### KBC SUSTAINABILTY POLICIES AND EXCLUSION CRITERIA

- Eligible Assets are aligned with KBC's Corporate Sustainability strategy and are expected to comply with local laws and regulations.
- Eligible Assets are evaluated by an assessment against KBC's sustainability policies and standards (standards and policies, along with exclusionary criteria are defined in the KBC Group Sustainability Framework):
  - KBC Blacklist, Human Rights, Controversial Regimes
  - KBC's Credit Risk Standards on Sustainable and Responsible lending

### MANAGEMENT OF PROCEEDS

20 of 30

- KBC intends to exclusively allocate an amount equivalent to the Green bond proceeds to a portfolio of Eligible Assets
- Allocated Eligible Assets to be identified in KBC's internal information systems and monitored at least on an annual basis
- □ If an asset no longer meets the eligibility criteria, does not exist anymore or had been repaid early, KBC will remove the loan from the Green bond portfolio and will strive to replace it with an Eligible Asset as soon as possible, subject to availability
- Green and Social Bond Committee to review and approve allocations of bond proceeds to Eligible Assets **at least on an annual basis**
- Pending the full allocation of the proceeds to Eligible Assets, or in case insufficient Eligible Assets are available, KBC commits to hold the balance of net proceeds not allocated to Eligible Assets within the treasury of KBC Group, invested in money market products, cash and/or cash equivalent

A Framework aligned with the best market practices

#### IMPACT REPORTING

#### ALLOCATION OF PROCEEDS REPORT

Allocation report on an annual basis and publicly available on:

- o The total amount of proceeds allocated to Eligible Assets
- The allocated amounts to Eligible Assets per Use of Proceeds Criteria
- Origination timeframe and maturity profile on the loans per Use of Proceeds category
- o The amount of unallocated proceeds
- o The share of financing versus refinancing

KBC will obtain and publish an annual limited assurance report on the allocation of Green Bonds proceeds to eligible assets.

#### **IMPACT REPORT**

KBC aims to report on the impact of the Eligible Assets by category from a sustainable and environmental perspective.

KBC intends to follow the guidelines described in the "<u>Handbook</u> <u>Harmonized Framework for Impact Reporting</u>" published in June 2023

#### EXAMPLES OF IMPACT INDICATORS IN IMPACT REPORT

#### Energy Efficient Buildings

- Year of construction
- Certification level
- Estimated annual energy savings in MWh
- Estimated annual Greenhouse Gas (GHG) emissions avoided/reduced in tons of CO2e

#### **Renewable Energy**

- Installed renewable capacity in MW or GW
- Expected or actual annual renewable energy generation in MWh
- Estimated annual GHG Emissions avoided in tons of CO2e

#### **Clean Transportation**

 Estimated annual GHG Emissions avoided /reduced in tons of CO2e

Second party Opinion by Sustainalytics

#### **EVALUATION SUMMARY**

Prior to issuance, KBC commissioned Sustainalytics to provide a Second Party Opinion to assess the alignment of its updated Green Bond Framework to ICMA's Green Bond Principles 2021 and the EU Taxonomy. The Second Party Opinion is available on <u>LINK</u>

"Based on the above, Sustainalytics is confident that KBC is well positioned to issue green bonds and that the KBC Green Bond Framework is robust, transparent and in alignment with the four core components of the Green Bond Principles 2021"

"Sustainalitics has assessed the KBC Green Bond Framework for alignment with the technical screening criteria for Substantial Contribution (SC) to the Environmental objectives of the EU taxonomy, and the do no significant harm (DNSH) criteria. Sustainalytics mapped the Framework's three eligibility criteria to five activities in the EU Taxonomy and assessed them as aligned with the applicable SC criteria. Of the 13 activities assessed for alignment with the relevant DNSH criteria, 12 were determined to be aligned and one activity was determined to be partially aligned. Sustainalytics is also of the opinion that the activities and projects to be financed under the Framework will be carried out in alignment with the EU Taxonomy's Minium Safeguards" As a conclusion, the SPO is of the opinion that for future green bonds, KBC's underlying asset-portfolio is taxonomy aligned for energy efficient buildings and renewable energy. The underlying assetportfolio of clean transportation is only partly aligned.

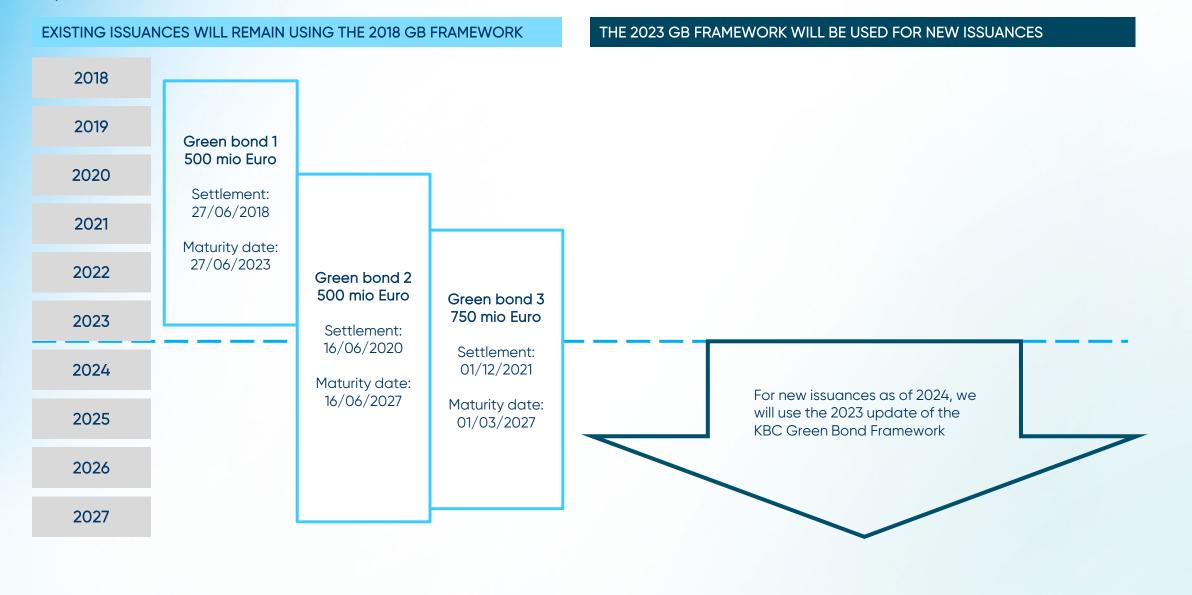

#### WHAT HAS CHANGED?

- o Strategic selection of green eligible expenditures, focusing on those where Technical Screening Criteria are available
- o Updated eligibility criteria, to further align with the Substantial Contribution Criteria of the EU taxonomy Delegated Act
- o All activities mapped to the corresponding EU Taxonomy Economic Activities

Updated Framework will be used for all new issuances

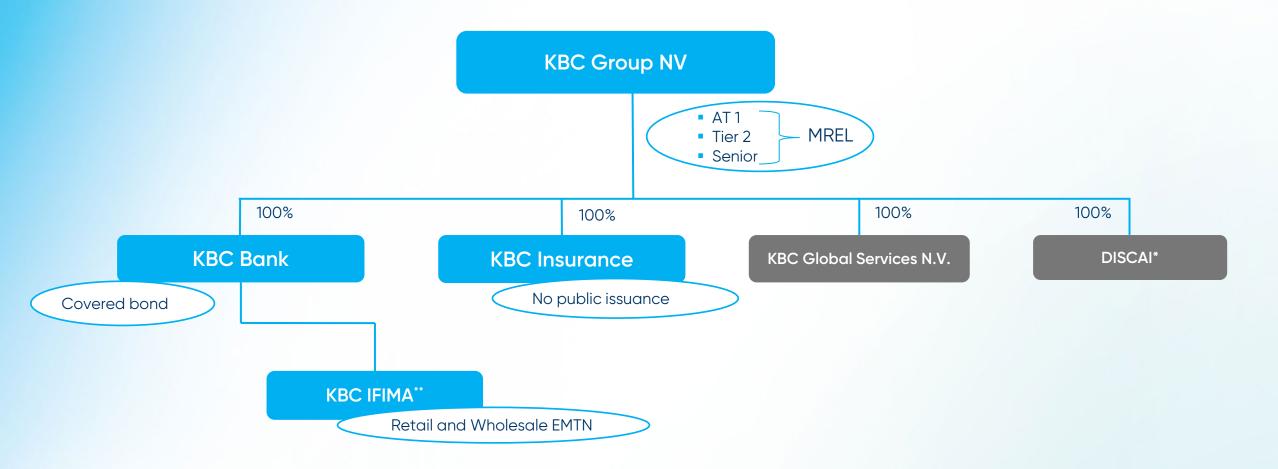

KBC Group passport

### KBC Group's legal structure and issuer of debt instruments

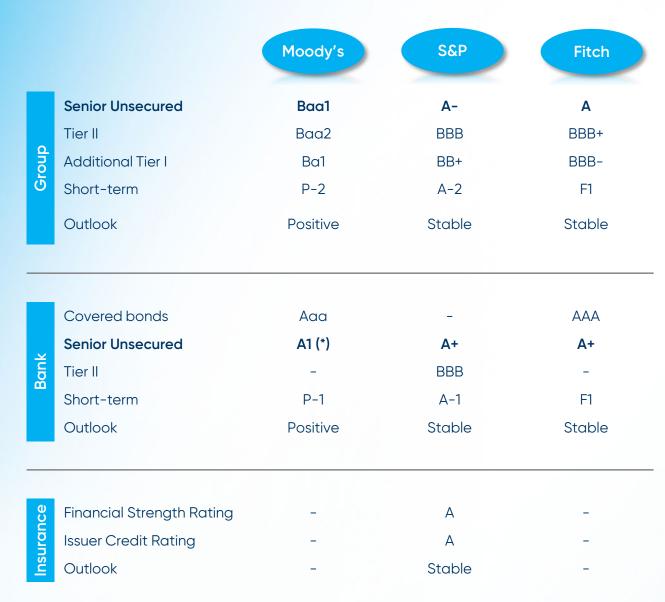

\* DISCAI (Discovering AI) is a separate fully owned subsidiary, grouping the in-house developed artificial intelligence solutions for commercialisation to third parties (as of 7 March 2022)

\*\* All debt obligations of KBC IFIMA are unconditionally and irrevocably guaranteed by KBC Bank

KBC Group passport

Financial performance

### Last credit ratings

#### Latest update:

**6 June 2023:** <u>Moody's</u> upgraded KBC Bank's long-term issuer and deposit ratings and affirmed KBC Group's issuer rating (outlook remains positive). The upgrade of KBC Bank's deposit and long-term issuer ratings driven by the continued issuance of senior unsecured and subordinated debt in order to comply with minimum requirement for own funds and eligible liabilities (MREL) targets.

The affirmation of KBC Group's long-term issuer ratings (including positive outlook continues), reflects KBC's sound solvency, strong earnings power, sound asset quality and solid funding profile.

(\*) Moody's long-term deposit rating: Aa3 (stable)

### **KBC Green Bond framework and issuances**

# Aligned with best practices and market developments

- The KBC Green Bond Framework is in line with the Green Bond Principles (2017)
- Second party opinion provided by Sustainalytics and Pre-issuance-certification by the Climate Bonds Initiative
- KBC intends to align its Green Bond Framework with emerging good practices, such as a potential European Green Bond Standard or other forthcoming regulatory requirements and guidelines
- For details of the KBC green bond framework, we refer to kbc.com: <u>https://www.kbc.com/en/investor-</u> relations/debt-issuance/kbc-green-bond.html
- In the context of the Green Bond, KBC allocated the proceeds to three green asset categories: renewable energy (share of 49%) and residential real-estate loans (share of 51%).
- For future transactions, in cooperation with the relevant business teams, KBC aims to capture more green assets from other categories and expand the green eligibility to more business lines and clients.

### Certification

The Climate Bonds Standard Board approved the certification
 of the KBC Green Bonds

### Verification

- One year after issuance and until maturity, a limited assurance report on the allocation of the Green Bond proceeds to Eligible Assets to be provided by an external auditor
- See latest impact report as of EOY 2022 available on kbc.com:

KBC GREEN BOND 2018 - ASSETS & IMPACT *	Renewable energy	Green buildings
Allocated amount	187.9m EUR	312.1m EUR
Electricity produced/energy saved	378,038 mWh	28,895 mWh
Avoided CO <sub>2</sub> emissions	56,399 tonnes	5,371 tonnes
KBC GREEN BOND 2020 - ASSETS & IMPACT	Renewable energy	Green buildings
Allocated amount	242.9m EUR	257.1m EUR
Electricity produced/energy saved	508,072 mWh	23,800 mWh
Avoided CO <sub>2</sub> emissions	104,362 tonnes	4,424 tonnes
KBC GREEN BOND 2021 - ASSETS & IMPACT	Renewable energy	Green buildings
Allocated amount	426.4m EUR	323.6m EUR
Electricity produced/energy saved	695,326 mWh	29,961 mWh
Avoided CO <sub>2</sub> emissions	103,736 tonnes	5,570 tonnes

\*The KBC Green Bond issued in 2018 has matured on June 27th 2023

Green Bond

2 June 2017

### **KBC Social Bond framework and issuances**

# Aligned with best practices and market developments

- By adding the social aspect to its funding mix, KBC Bank can further enhance its ability to finance social projects and increase its positive social impact on society
- The KBC Social Bond Framework is aligned with ICMA's Social Bond Principles (2021).
- Second party opinion provided by Sustainalytics (May 2022)
- Information pertaining to the Social Bond Framework can be found on kbc.com: <u>https://www.kbc.com/en/investor-</u> <u>relations/debt-issuance/kbc-social-bond.html</u>

### First financial institution in Belgium

• KBC Group was the first financial institution in Belgium to issue a Social Bond (18th of August 2022)

• The second issuance (June 2023) has been allocated to schools (ca 62%) and hospitals (ca 38%)

### **Clear Social Bond governance**

Use of proceeds	Social Bond Eligible Assets include financing in Belgium in the following categories: • Access to Essential Services – Education • Access to Essential Services – Health • Affordable Housing • Employment Generation
Process for evaluation &	<b>KBC's Green and Social Bond Committee</b> is an important part of the selection process for Social Bond Eligible Assets . The Committee's responsibilities include approval of asset inclusion in the Social Bond Portfolio, approval of annual reporting and updating the Framework if required
selection Management of	<ul> <li>KBC intends to exclusively allocate an amount equivalent to the net social bond proceeds to a social bond portfolio of Eligible Assets</li> <li>Allocated Eligible Assets to be individually identified in KBC's internal information systems and monitored on a quarterly basis</li> </ul>
proceeds	<ul> <li>Social Report will be published annually and will include:</li> <li>Allocation of Proceeds, including a limited assurance report</li> <li>various output indicators of the allocated Eligible Assets</li> <li>See latest Social report as of EOY 2022 available on kbc.com</li> </ul>

### Glossary

Combined ratio (non-life insurance)	Short-term non-life insurance contracts: [claims and claim related costs net of reinsurance + costs other than claims and commissions] / [earned expected premiums received, net of reinsurance]
Common equity ratio	[common equity tier-1 capital] / [total weighted risks]
Cost/income ratio without banking and insurance tax (group)	[operating expenses of the group without banking and insurance tax + Insurance commissions paid] / [total income of the group]
Cost/income ratio adjusted for specific items or C/I ratio when excluding certain non- operating items	The numerator and denominator are adjusted for (exceptional) items which distort the P&L during a particular period in order to provide a better insight into the underlying business trends. Adjustments include (i) MtM ALM derivatives (fully excluded), (ii) bank & insurance taxes (including contributions to European Single Resolution Fund) are included pro rata and hence spread over all quarters of the year instead of being recognised for the most part upfront (as required by IFRIC21) and (iii) one-off items
Credit cost ratio (CCR)	[annualised net changes in individual and portfolio-based impairment for credit risks] / [average outstanding loan portfolio]. Note that, inter alia, government bonds are not included in this formula.
Impaired loans ratio	[part of the loan portfolio that is impaired (PD 10-11-12)] / [total outstanding loan portfolio]
Liquidity coverage ratio (LCR)	[stock of high-quality liquid assets] / [total net cash outflow over the next 30 calendar days]
MREL	Minimum requirement for own funds and eligible liabilities
Net interest margin (NIM) of the group	[banking group net interest income excluding dealing room] / [banking group average interest-bearing assets excluding dealing room]
Net stable funding ratio (NSFR)	[available amount of stable funding] / [required amount of stable funding]
Return on equity	[result after tax, attributable to equity holders of the parent] / [average parent shareholders' equity]
