# Company profile | KBC Group in a nutshell (3)

## Dividend policy & capital distribution (as of 2023)

- We aim to be **amongst the better capitalised** financial institutions in Europe. As a consequence, the dividend policy of KBC Group is tailored to that purpose. Each year, the Board of Directors will decide, at its discretion, on the total dividend based on the assessment of risks, forward looking profitability and strategic opportunities
- **Payout ratio policy** (i.e. dividend + AT1 coupon) **of at least 50% of consolidated profit** of the accounting year
- **Interim dividend of 1 EUR per share** in November of each accounting year as an advance on the total dividend
- On top of the payout ratio of at least 50% of consolidated profit, **each year** (when announcing the full year results), the Board of Directors will take a **decision, at its discretion**, on the distribution of the **capital above 15.0% fully loaded CET1 ratio, so-called surplus capital**. The distribution of this surplus capital can be **in the form of a cash dividend, a share buy-back or a combination of both**
- From the moment Basel IV will apply (as from 1 January 2025 at the earliest), the capital deployment plan will be updated

## Shareholder structure (as at end 1Q23)

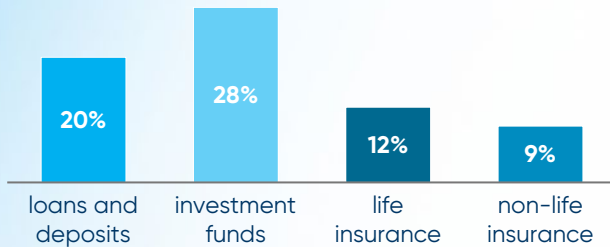

- Roughly **41% of KBC shares are owned by a syndicate of core shareholders, providing continuity to pursue long-term strategic goals**. Committed shareholders include the Cera/KBC Ancora Group (co-operative investment company), the Belgian farmers' association (MRBB) and a group of Belgian industrialist families
- The **free float** is held mainly by a large variety of international institutional investors
