*Johan Thijs, KBC Group CEO commented on today's announced change as follows: 'I wish to express my deepest gratitude to Pavel Kavánek for his longstanding career and outstanding performance, after more than 20 years as CEO of ČSOB and subsequently as Chairman of the Supervisory Board of ČSOB in the past 5 years. As a strong strategic thinker, often ahead of his time, and with exceptional leadership qualities, he was one of the people who managed to put his stamp on Czech banking and help the ČSOB group to rise to great heights. As Chairman of the Supervisory Board of ČSOB he remained (actively) involved in the development and digital transformation of the Czech Republic Business Unit in the past five turbulent and challenging years, in close collaboration with John Hollows, CEO of ČSOB and Czech Republic Business Unit of KBC Group. The Czech Republic Business Unit and its various stakeholders have benefited greatly from Pavel's experience, vast knowledge and his extensive network in the Czech Republic.'*

*I am also delighted to welcome Zdeněk Tůma as successor to Pavel and new chairman. I trust that Zdeněk will form a great team together with John, ensuring continuity and bringing our Czech Republic Business Unit to further growth and prosperity, to the benefit of all stakeholders. I am convinced that his broad experience and knowledge of economic and financial affairs will enable him to make an important contribution to the further development of our group with a view to preparing it even better for the future.'*

**Thomas Leysen, Chairman of the Board of Directors of KBC Group, added: 'On behalf of the KBC Group Board of Directors I wish to express my gratitude to Pavel Kavanek for the effort he has put in over the past 5 years as Chairman, and before that 20 years as CEO, to help establish and develop ČSOB as a major financial player in the Czech Republic. I am delighted that with Zdeněk Tůma we managed to find an outstanding successor who has extensive knowledge and experience of the international financial markets, the regulatory environment and of the Czech economy and business scene.'**
